

Killer Peruvian Earthquake Tidal Wave Spares Hawaii

Deaths In Lima Area Near 100, 1,000 Injured

LIMA, Peru (AP) — The death toll from a violent earthquake along Peru's central coast climbed toward 100 today, but tidal waves generated by the earth shock diminished as they rolled across the Pacific.

Hawaii, where President Johnson was spending the first night of his Asian tour, was put on a tidal wave alert with sirens sounding a warning every hour. Only a minor wave reached Hawaii's shores and the alert was called off.

High seas along the Peruvian coast went down during the night.

Unofficial reports told of 83 dead in Peru from the quake, at least 1,000 injured and unknown numbers homeless, but the count was far from complete. Many persons spent the night in the streets.

The severe quake, 7.5 on a scale with a maximum of 9, rocked and terrorized the coastal area for about a minute and a half Monday afternoon.

Buildings Crumble
Thousands ran screaming into the streets, village plazas and other open areas as buildings shook and crumbled. Women knelt in prayer while brick and wood cascaded around them.

Peruvian Adm. A. Simec said all available information on the massive wave triggered by the quake had been sent to Hawaii officials. He said the wave was building as it crossed the Pacific.

Unofficial reports listed 19 dead in Lima, 23 in Callao, the port seven miles to the west of the Peruvian capital 27 in Huacho, 3 in Puente Piedra, 1 in Zupallal and 1 in Cerro Gordo. Officials predicted the toll would go higher.

Center Off Coast
The quake's epicenter was located at sea off Chancay, said a seismologist. The tremor struck just before the evening rush hour, causing a giant traffic jam in Lima, and was felt north to Ecuador and south to Chile.

In 1940, an earthquake killed 200 persons in Peru and injured 5,000. A quake which hit Peru and Ecuador in 1883 killed 25,000 persons.

Today's Chuckle

No matter what happens, there is always someone who knew it would.

Johnsons Safe; California And Islands Alerted

HONOLULU (AP) — Thousands of persons evacuated low-lying homes around the Pacific Ocean basin Monday night because of a tidal wave alert that proved unnecessary.

The Coast Guard lifted the alert at 4:30 a.m.

Alerts were broadcast following the violent earthquake in Peru and lifted after four hours of tension when the wave failed to appear.

President and Mrs. Johnson were in Honolulu, at the start of a trip to Pacific and Asian countries, when the alert came. High in a hotel, they were not disturbed.

Barely Discernible

When the quake-caused wave reached Oahu Island just after midnight it was barely discernible. At Hilo, on Hawaii Island, gauges showed a rise of four inches.

Coast Guardmen in San Francisco, advised by the U.S. Coast and Geodetic Survey in Hawaii, lifted the alert.

There was no report on the U.S. west coast of any unusual tidal action.

At Crescent City, Calif., residents were ordered five blocks back from the coast as officials recalled the March 1964 wave that smashed most of the city's ocean-front business and killed a score of persons.

Thousands Evacuated
In the California communities of King Salmon, Sarnos, Fairhaven and Manila, all near Eureka and Crescent City, between 3,000 and 4,000 persons were evacuated to higher ground.

At Canon Beach and Seaside on the northern Oregon coast, all the 4,000 residents were asked to evacuate and the Coast Guard said most complied, going to gymnasiums and National Guard camps.

Alert Cancelled

Alerts went out also in Washington State and in Alaska. The Washington alert was canceled at 4:45 a.m.

Hours after the time predicted if a wave was to come, the Coast Guard reported no unusual tidal activity from San Diego northward.

President and Mrs. Johnson were overnight guests in a sixth-floor suite at the Royal Hawaiian Hotel just off Waikiki Beach when sirens sounded the alert at 8:30 p.m.

The islands have been under alert status several times in past years, but waves have never been large except in 1961.

62 Died In 1961

In that year a massive wave generated by an earthquake in Chile shattered the business district of Hilo, capital city of Hawaii Island, 200 miles southeast of Honolulu, and killed 62 persons.

U.S. Navy ships at Pearl Harbor remained at their berths but moorings were loosened to allow them to ride increased swells.

Car Wreckers Need Markets

CHICAGO (AP) — A spokesman for some 1,500 of the nation's auto wreckers said Monday that scrapyards owners are as eager as anybody to join the highway beautification program.

But a basic solution, improving a market for the scrapped cars, must be found, said Eldon Piper, president of the United States Automobile Dismantler's Association (USADA).

USADA, organized recently at a meeting in Portland, Ore., is meeting in Chicago.

Piper, of Billings, Mont., said: "We authorized establishment of an office in Washington, D.C., and efforts to establish a liaison in Congress concerning bills dealing with the highway beautification and the economic aspects of steel scrap."

The group will meet again in Washington in late January. He estimated that between 6 million and 9 million auto and truck carcasses are now piled up in the storage yards of auto dismantlers.

Cong's Terror Attacks Kill 5 Yanks In Viet

SAIGON, South Viet Nam (AP) — The Viet Cong cut loose today with terrorist attacks from Saigon to the northern border area. The U.S. command announced resumption of air attacks on the eastern end of the demilitarized zone.

In five grenade, nine and shooting attacks, terrorists took at least eight lives and wounded 62 persons, including five U.S. servicemen.

In one attack, mines derailed a train. In another, a grenade in a movie house killed or wounded 51 Vietnamese.

The U.S. air bombardment of North Viet Nam was sharply reduced Monday for the third straight day by monsoon rainstorms. But U.S. headquarters reported nine bombing missions against Communist positions in the demilitarized zone, including one against a storage area on the eastern end of the zone.

This was the first U.S. strike east of Highway One since the American command last Friday said it might end the bombing pause it had called in the eastern sector two weeks before.

U.S. B-52 bombers staged two raids in South Viet Nam Monday night. The giant planes returned for a third day to bomb suspected North Vietnamese troop concentrations in the central highlands 35 miles southwest of Kontum City. Other eight-engine bombers hit at a suspected Viet Cong headquarters and troop concentration 70 miles northwest of Saigon, near the Cambodian frontier.

Ground fighting continued on a small scale, with only scattered engagements reported.

State Employees Ask \$900 Each Pay Raise

LANSING (AP) — A hike in pay and fringe benefits requested for state workers Monday would cost Michigan up to \$48 million a year, the State Civil Service Commission says.

The across-the-board hike of \$900 a year, presented to the commission by the Michigan State Employees Association, would cost about \$35 million, according to the calculations of commission staff members.

The fringe benefit package, they said, would represent another \$12 million to \$13 million.

They would represent an average compensation increase of 14

per cent — compared with a \$13.5 million hike late last year, ranging from 4 to 7.3 per cent for most of the state's 35,000 classified employees and from 8 to 14 per cent for certain hard-to-get and hard-to-keep workers.

Last year's hike averaged out to about 6 per cent.

The proposal was made at the commission's annual hearing on employee compensation by Larry Hillmore, president of the employees association. He said its cost would range from \$35 million to \$37 million.

"This increase is in accord with guidelines recognized by private employers, with whom the state must compete for personnel," he said. "The daily increase in the cost of living makes the present wage structure archaic when compared with private industry."

The commission makes an annual survey of salaries for comparable work in private industry on a nationwide basis, conducts the hearing, listens to requests and recommendations from employee groups and department personnel, studies recommendations made — on the basis of these — by its staff, and makes its decision in December.

Robert Groveson, president of the Michigan State Employees Union, a rival group, said the salaries and benefits were a matter for collective bargaining and that Monday's hearing was not the place for such bargaining.

His group recommends pay scales tied into the cost of living index, without getting into specific dollar amounts.

Court To Call GE Strike End

WASHINGTON (AP) — President Johnson ordered court action today to end a strike of about 6,000 General Electric employees at an Evendale, Ohio plant which produces jet engines for planes in the Viet Nam War.

Announcement of the action was made by the White House which said the President had called his instructions from Honolulu early this morning to Deputy Atty. Gen. Ramsey Clark.

The White House said no immediate action is planned against strikers at other GE plants where walkouts occurred Monday. But a spokesman said the Defense Department is watching events closely to determine if any other war production is slowed by the strikes.

The Justice Department arranged to seek a temporary restraining order in the U.S. District Court for Southern Ohio in Dayton.

This is the second time Johnson has involved the Taft-Hartley injunction procedure. A court order Oct. 1, 1964, halted a walkout of International Longshoremen's Association members along the Atlantic and Gulf coasts.

The action could send the strikers back to work for 90 days.

About 30,000 employees of the company have struck over local issues despite a contract agreement which averted a company-wide strike during the weekend.

At one key plant, 6,000 workers were out at GE's Evendale, Ohio, plant where jet engines are made for F4 Phantom fighter planes used in Viet Nam.

Johnson sent his instructions from Honolulu, where he is starting a Far Eastern tour, after receiving a report of a special board he named Monday to look into the strike situation.

National Gypsum Cuts Employment

ALPENA (AP) — About 110 employees will be laid off next Monday, Huron Division of National Gypsum Co. said Monday. The firm said the workers will be out of work indefinitely as the firm cuts back on production because of reduced demand for its cement products.

MILWAUKEE — Milwaukee police sent to the FBI laboratory Monday a blood-stained light blue jacket which may have been worn by the killer of an 18-year-old girl found dead Monday morning behind St. Rose of Lima Catholic Church.

A nun at St. Rose of Lima school said she saw a man wearing a light colored jacket walk from the playing scene about 10:15 p.m. Sunday night. The jacket was found by police in a garbage can near the scene.

The victim was Sherry Thompson, daughter of Mr. and Mrs. Joris O. Thompson. A 1966 graduate of St. John Cathedral high school, she was employed at a Wisconsin Ave. Pancake House.

Slaying scene was only nine blocks west of where 10-year-old Julia Beckwith was found raped and murdered Sept. 3. Mrs. Gordon Beckwith, Julia's mother, said that Julia often went to the Pancake House where Miss Thompson was employed.

Although Miss Thompson was not sexually molested, police were investigating a link between the two murders. Miss Thompson was stabbed 23 times, according to Dr. Helen C. Young, county medical examiner. The body was nude from the waist down.

Miss Thompson's parents notified police their daughter was missing about 8 a.m. Monday. They had returned from a downtown movie about

midnight and when they learned their daughter had not returned reached the neighborhood by automobile between 1 and 2 a.m.

Miss Thompson had called her twin sister, Sharon, about 9:30 p.m. Sunday to say she was going to stop for some toothpaste and was then coming home after work. Her parents did not become unusually

worried until early in the morning because their daughter often met friends after work.

The nun who gave police a description of the man in the jacket said he appeared to be about 20 years old. She also said she had heard screams coming from the slaying scene about 10:30 p.m., but didn't think too much of them because the neighborhood is often noisy.

SHERRYL THOMPSON, 18, above, was found dead of multiple stab wounds in yard of St. Rose's Roman Catholic Church Monday morning, second girl slain on Milwaukee's near West Side in past six weeks. (AP Wirephoto)

Water Cleanup Bill Now Goes To President

WASHINGTON (AP) — Passing big and little bills right and left with a minimum of debate, Congress was sailing today before a fair wind for final adjournment later this week.

Monday it sent to President Johnson bills setting up a four-year, \$3.7-billion program to clean up public waters; and providing \$979.57 million for military construction projects in the United States and overseas.

Major bills up for action today would authorize continuation of the war on poverty and finance programs to aid elementary, secondary and higher education and the poverty war. The poverty war authorization is on the Senate program, but at the current rate of speed it may get through the House before the end of the day.

It is a compromise of separate anti-poverty authorization measures passed earlier. There is no dispute over the spending ceiling, \$1.75 billion, the major rumble being over how many high-salaried employees can be put on the payroll of the Office of Economic Opportunity and the programs it administers.

Applause Victory Is Griffin's In Debate

DETROIT (AP) — Republican Sen. Robert Griffin has scored a 6-2 debate applause victory over his democratic opponent in the U.S. Senatorial race but the lopsided result was no surprise.

Griffin and former Gov. G. Mennen Williams squarred off debate Monday before Detroit's Economic Club, an organization primarily of businessmen and industrialists.

The predominantly Republican audience of some 1,300 in Cobo Hall applauded Griffin six times during his 15-minute opening remarks. Williams got two rounds of applause. The five-minute rebuttal statements drew an identical 6-2 response.

Coincidentally among newsmen polled by the Associated Press, six felt Griffin came out ahead in the exchange, two favored Williams and three thought the debate ended in a draw. Most described the verbal duel as dull and boring, with neither candidate showing much sparkle.

No other face-to-face confrontations have been scheduled between the two, although Williams has indicated he is still considering several invitations.

In his opening remarks, the Democratic candidate acknowledged that he has never won a debate before the Economic Club.

"But every time I lost an Economic Club debate, I wound up winning the election," Williams recalled. "And this year is no time to break with a winning tradition."

Williams tore into Griffin's voting record during his 10 years in Congress saying his opponent has demonstrated "a 19th Century philosophy toward the role of government in modern society."

The GOP candidate, Williams contended, has voted against legislation ranging from educa-

tion to economic growth for Michigan and the nation.

Griffin responded that he is proud of his voting record, which he said shows that his independence from special interest groups be they the American Manufacturers Association, organized medicine or organized labor.

Among the bills he voted for, Griffin said, were Medicare and the continuation of automobile excise taxes.

Griffin accused Williams of distorting the voting record by selecting only a few of more than 1,500 votes cast in the past 10 years.

Unless a law is on the books and in effect that day, Kelley said in a letter to Gov. George Romney, House Speaker Joseph Kowalski and Senate Majority Leader Raymond Dzenzel, the entire state goes on daylight saving time. The Uniform Time Act of 1966, passed by Congress, will go into effect.

The attorney general said that Michigan's two peninsulas also face the prospect of being split between the Eastern and Central time zones.

"I have been informed that the Interstate Commerce Commission has informally taken the position that the Upper Peninsula will be required to go on Central Time when the act becomes effective," Kelley said, adding that he intends to fight any such time split in the state.

The commission, Kelley said, issued regulations in 1936 placing the U.P. on Central Standard Time. Most of the peninsula, however, has been on Eastern Standard Time. The westernmost communities which have extensive dealings with Wisconsin observe Central Standard.

Dirksen is to be operated on Friday for the removal of 11 pins and a silver screw — the hardware, as he calls it, with which his broken hip was reinforced in an operation last May 10.

Senator Dirksen Back In Hospital

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen of Illinois entered the Army's Walter Reed Hospital Monday for a followup operation for a broken hip bone he suffered last spring.

Before going to the hospital, Dirksen went out to the airport to see President Johnson off on his trip to Asia.

Dirksen is to be operated on Friday for the removal of 11 pins and a silver screw — the hardware, as he calls it, with which his broken hip was reinforced in an operation last May 10.

Dirksen told a newsmen that despite the trimming given by the House to his bill he believes the House's final product is a good bill.

"I'm very happy with the bill," Roush said, "and personally am hopeful that we can get it through without a conference."

Meanwhile, a Senate Interior Committee spokesman said the House bill possibly will be presented to the Senate today. Unless the Senate accepts the House version, differences between it and the bill passed by Senate last year will have to be ironed out by a House-Senate Conference Committee.

Weather

By The Associated Press

ESCANABA AND VICINITY—Mostly cloudy and not as cool today with occasional light rain, high 55. Rain ending this evening with partial clearing, turning colder tonight, low 40. In Partnership With State

Utility To Create Playground

Gov. George Romney signed an agreement Monday with the Wisconsin Michigan Power Co. under which the state will get formal access to 42,000 acres of the utility's lands along the Menominee River and its tributaries in Dickinson County area for development for public recreational use.

A similar arrangement is expected to be made by the electric company with the Wisconsin Conservation Department for 10,000 acres which the utility owns across the Menominee River in Wisconsin.

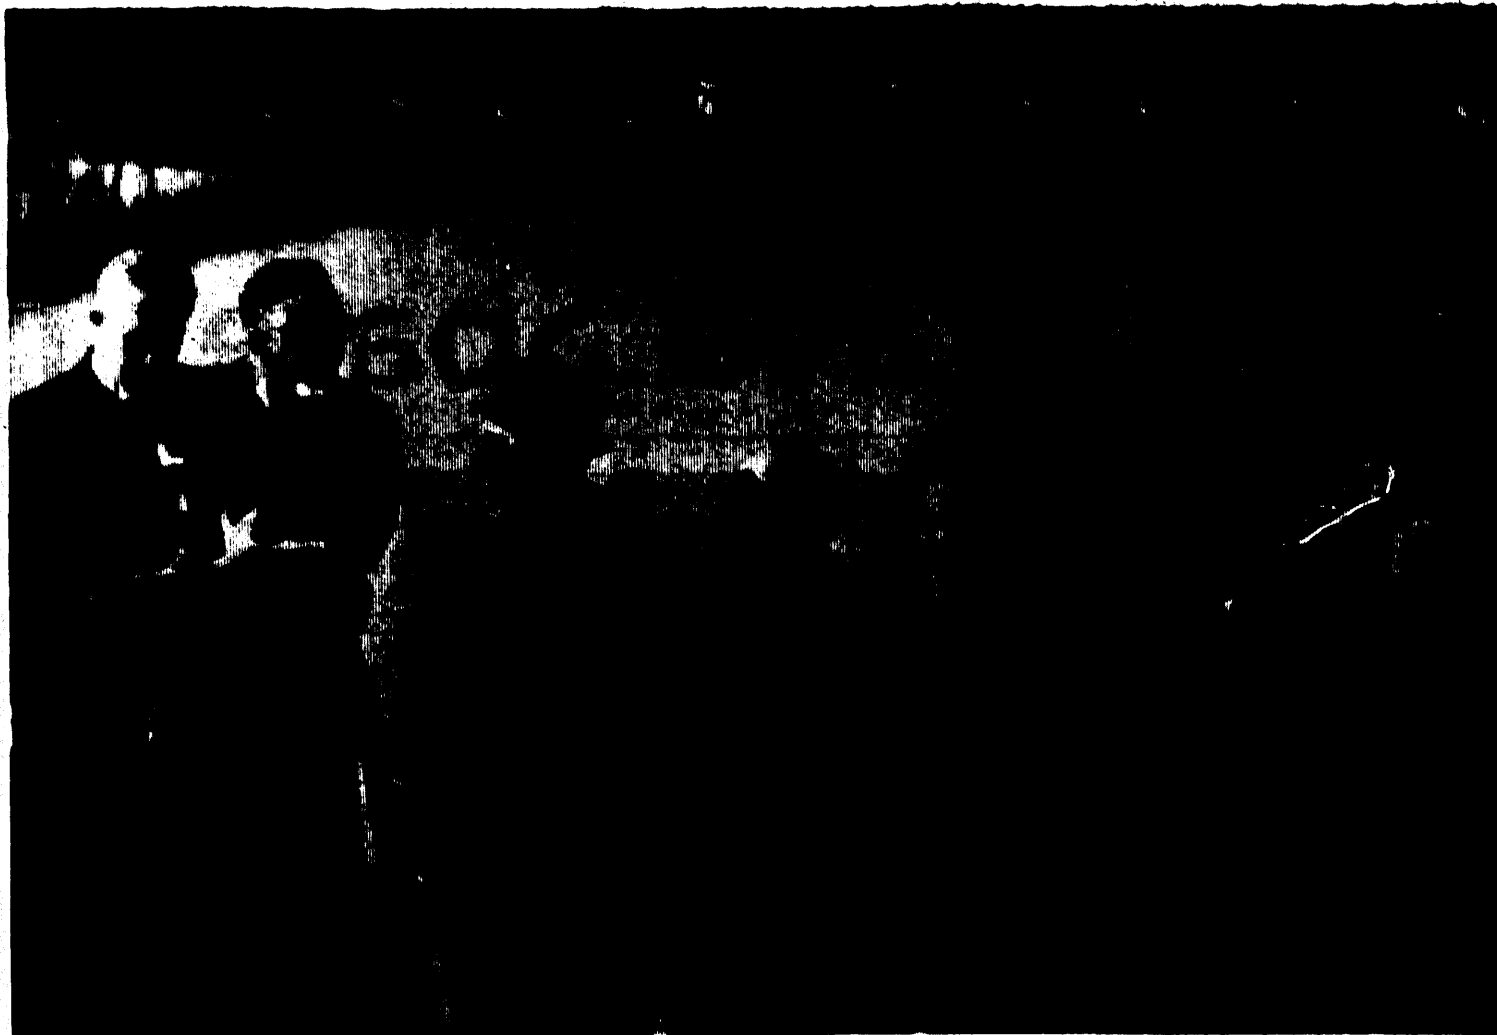

J. W. Wells, vice president and general manager of the Power Co., signed the agreement for it.

Michigan plans three state parks for family camping on the utility's lands. Construction of a state forest campground next summer on Bad Water Lake north of Iron Mountain, where the ceremonial signing was held Monday, is the first phase of the project.

Wilderness Area

The company will retain the rest of its land as wilderness, building additional access facilities, marking canoe trails, and creating portages and wilderness campsites.

Governor Romney said of the unusual partnership in public recreation between the Michigan Conservation Department and the utility: "Wisconsin Michigan Power Co. should be commended for its efforts in the past in developing public recreation on its property. We are here today to sign a partnership agreement

GOV. GEORGE ROMNEY is pictured Monday on the shore of Badwater Lake, Twin Falls in Dickinson County signing an agreement with the Wisconsin Michigan Power Co. for recreational management of 42,000 acres of the utility's lands for public use. Behind the Governor is J. S. Wells,

that lists what each will do in developing outdoor recreation over this large area.

"The project is significant in many ways. It covers 52,000 acres of lakes and forests in the two states. Of this amount about 42,000 acres are in Michigan and there are about 300 miles of river (Menominee, Brule and Pine) and lake shoreline.

No Cost To Public
"The land is made available to the public at no cost to the state or its taxpayers. There is a bargain. Furthermore the two partners will share in the cost of development.

"Facilities for intensive Camping will be provided by the state. Wisconsin Michigan Power Co. will pay for development of access sites, wilderness camping sites and portages. And all the land will remain on local tax rolls.

"There are some who believe that conservation is solely a government responsibility, but the wise use of our resources is also the responsibility of the individual private landowner. Today we are seeking evidence of a corporation that recognizes the conservation ethics of its land ownership. I hope that the pattern of cooperation shown here will be followed elsewhere throughout Michigan."

J. S. Wells said "In 1954 our policy changed from passively permitting public use of our land to actively encouraging the public to use our property for recreation. The public came and enjoyed it, but we could see the possibility of attracting more people than we could

manage. We suspected that if the public use were not better planned, parts of the area could develop into an outdoor alum when too many people were crowded together without adequate facilities."

William James Speaks On Senior Housing Project

POWERS — William James, Sault Ste. Marie, director of the Chippewa - Luce - Mackinac Community Action Agency, was principal speaker at the meeting on low-cost rental housing held at 7:30 p.m. Wednesday in the Powers-Spalding High School in Powers.

Ray LaPorte, director of Delta-Menominee-Schoolcraft Community Action Agency, spoke briefly and introduced James, chairman of the housing authority in the Soo area from 1961 to the present time, who has been successful in guiding through housing projects for a high-rise building of 100 units for retired persons in the low income bracket, as well as a 60 unit building for low income families. He showed colored slides of the senior housing project that had been completed in Sault Ste. Marie, explaining the procedure in obtaining public funding for such projects. A discussion and question period followed. The village of Powers plans to continue their efforts to have a senior housing project in the area.

The meeting, well attended by groups of interested persons, including township and county officials, from Menominee to Escanaba, was arranged by Mrs. Ray Casimir, Spalding, of the Powers - Spalding Planning Commission, and Mrs. Olive Beauchamp, Wilson, of the Community Action Area Center.

Commerce Leader

DETROIT (AP) — George A. Duff, 35, of Detroit, has been named executive vice president of the Greater Detroit Board of Commerce. He is a graduate of Wayne State University.

general manager of the utility, and the group witnessing the signing includes two candidates for the Michigan Legislature, James Goulette, Republican nominee in the 109th District, on the left, and Jack Gingras, Democratic nominee, far right. (Iron Mountain News Photo)

Leadership Change Looms In Congress

WASHINGTON (AP) — Important changes are looming in the congressional leadership of both Democrats and Republicans with health and the fortune of politics playing the decisive roles.

The 1964 election, which reduced Republicans to their smallest congressional representation since the mid-1930s, resulted in an upheaval among House Republicans.

Rep. Charles A. Halleck, the GOP leader since he led a coup against former Speaker Joseph W. Martin Jr. in 1959, was turned out in favor of a "new look" leadership headed by Rep. Gerald R. Ford.

If Republicans fail to make significant gains in the Nov. 3 House elections, Ford may be on the spot. If the GOP makes a sizable pickup, however, the Michigan congressman stands to get some of the credit and to solidify his position.

Albert III
House Democrats, too, have a question mark — the health of Democratic Leader Carl Albert who last month suffered a heart attack.

Albert is the heir apparent to the speakership, held since 1962 by 74-year-old John W. McCormack, and expects to resume his duties in January.

But McCormack's age and Albert's health have been the subject of much discreet talk and maneuvering among House Democrats of late.

The No. 3 man, Rep. Hale Boggs of Louisiana, faces substantial opposition among Northern Democrats because of his votes against civil rights bills. His chances may improve if the ranks of Northern Democrats are sharply reduced in November.

Others Waiting
Rep. Richard Bolling of Missouri, defeated by Albert for Democratic leader in 1962, is one possible opponent of Boggs, and others are waiting in the wings. Boggs' deputy, Rep. John E. Moss of California, has been ill and is not considered a contender.

Of late, Boggs has been preoccupied with his own re-election

Michigan's NFO Reporting Gains

HOWELL (AP) — The head of the National Farmers Organization says more and more farmers are accepting the principles of collective bargaining. Oren Lee Statley of Nes, Mo., told the delegates to the Michigan convention that the farmers organization does not plan to withhold any crops from market to obtain higher prices "as long as processors are willing to bargain in good faith."

Michigan delegates nominated a second person to represent the state as a director of the organization. He is Eldon Jones, a Charlotte livestock producer. The additional nominee was granted Michigan because of an increase in the number of counties in Michigan holding charters from the organization.

Ninth President

WELLESLEY, Mass. (AP) — Ruth M. Adams, 38, has been installed as Wellesley College's ninth president. Miss Adams had been dean at Douglass College, New Brunswick, N.J.

Area H. S. Play Dates Changed

Due to conflicts, Escanaba Area High School's production of "Gramercy Ghost" will be staged on Nov. 18 and 17 instead of Nov. 17 and 18 as previously announced.

During the past two weeks many students tried out for roles in the play. The cast chosen includes: Carol Paulson, Kathy Johnson, Tom Lang, Cindy Ottensman, Al Gossan, John Veder, Lionel Herlioux, Jim D. Smith, John Stoll, Pam Costly, Kathy Pryal, Sally Barrett, and Carol Thibodeau.

The cast is now in rehearsal and stage crews are being assembled by Peter Adamini, technical director. Mrs. Clara H. Lang, director, is being aided by Don Nyquist, student director.

Tickets will go on sale Oct. 31, and can be purchased from members of the cast and crews.

Planning Body Meeting Today

The Planning Commission of Escanaba was in meeting this afternoon in a special session at the City Hall. On the agenda were items relating to ordinance changes to be considered by the Council Thursday night.

Agreement on the changes was expected from the Planning Commission prior to the Thursday Council session.

The Commission today also was to review plans for the proposed harbor master building.

Journal Promotes Hartland Jelly

Hartland H. Jelly, 56, who started his career with the Milwaukee Journal in Escanaba, has been promoted to assistant state circulating manager. He was state circulation field manager.

He joined the Journal in 1931 as Escanaba sales manager and was promoted to Green Bay branch manager in 1937 and transferred to the Fond du Lac area in 1942. He is wed to the former Hannah (Honey) Arrison of Escanaba, sister of Arne Arrison, Walter Arrison, and Mrs. Blende Houle of Escanaba.

Van Riper considers it possible that a more powerful model of the device may be used on planes and locomotives.

Moyle Pasties For Ruppe Fete

The party is the most distinctively Upper Peninsula dish — topping even blueberry pasties, venison and wild rice.

The little meat pie has been described as "The only thing you can eat after it has been thrown down na mine shaft." Cornish miners who came to the Upper Peninsula in the 1840s to mine its first copper — and later its iron — brought along the party from their native Cornwall.

The Copper Country still is the greatest "home" of the party in the Upper Peninsula, but they're made, eaten and bragged about from the St. Mary's River to Montreal, from Kew (a railroad siding at Menominee) to Keweenaw.

When Copper Country friends of Philip Ruppe of Houghton, the Republican nominee for Congress in the 11th District, planned a festive supper for Ruppe in Escanaba, they insisted that it had to be a party supper.

The supper will be held at the Sherman Hotel from 5 to 7 p. m. on Wednesday, Oct. 26 and Mrs. Clarence Moyle will be the party maker. She's celebrated for her pasties, which Bob Abb, also a Copper Country man, says are "shoebox style." He says "that means that they'll fill a shoebox, so they'll certainly fill a person." Coffee will be served with the pasties, which are made of Copper Country rutabagas, potatoes, beef and pork and parsley.

"There are, of course," said Abb "political overtones in these particular pasties."

The committee in charge in-

cludes Mrs. Gary Curtin, Mrs. Ernie Bernard, Mrs. Ed Larche, Mrs. O. W. Traversa and Abb, all Copper Country people. They'll be helped by Elmer Bonitas and Robert Hanaley. Tickets are available from committees at the Ruppe for Congress Headquarters, 710 Ludington St.

Machine Tool Course Offered

Bay de Noc Community College and the Escanaba Area public schools today announced starting Monday, Oct. 31, a course to train machine operators.

The course will be offered from 7 to 10 p. m. Monday and Thursday evenings for 15 weeks, except for Thanksgiving and Christmas Holidays.

Candidates must be high school graduates, score the equivalent on a test or expect to graduate in June. They must also successfully complete an aptitude test. There will be no cost to students.

The program will be funded through vocational education funds from the State Dept. of Education supplemented by a contribution from Harbischlager Corp. Graduates of the course will be awarded a certificate of credit from the community college.

Application for enrollment made by Friday, Oct. 21, between 8 a. m. and 4 p. m. at the college. The process, in Room 10, is expected to take about three hours.

The program of instruction includes basic machine tool methods, study of equipment together with related blueprint reading and mathematics.

Voting At 18

Besides deciding contests for local, state and national offices in the Nov. 8 election, voters in Michigan will cast ballots on a proposed constitutional amendment to lower the minimum voting age from 21 to 18.

Although American citizens traditionally have been granted voting rights at age 21—the age of legal majority—four states now have minimum voting ages below 21. They are Kentucky and Georgia, where the minimum is 18; Alaska, where it is 19, and Hawaii, where it is 20. And efforts to lower the age to 18 are expected soon in a number of other states, including such large states as California, New York and Pennsylvania.

The question of permitting those younger than 21 to vote was given little consideration in the United States until 1942, when Congress lowered the minimum military draft age from 21 to 18. It was then argued that anyone old enough to go into battle for his country was old enough to vote, and this has remained the mainstay of those who have sought to reduce the voting age.

Edward D. Kuekes of the Cleveland Plain Dealer won a Pulitzer Prize in 1933 for a cartoon picturing two GI's carrying a dead comrade off the battlefield in a litter. "Wonder if he voted?" asks one of the litter bearers. "No, he wasn't old enough," is the reply. More effectively, perhaps, than any other presentation, Kuekes' cartoon epitomized the 18-year-old vote argument.

Actually, however, people between 18 and 21 are treated as adults in other important ways besides being eligible for the draft. They must pay income and property tax, can be tried in court as adults, are excluded from all forms of compulsory education and from any form of aid to dependent children.

Since these things are true, since 18-year-olds are affected by so many governmental decisions, why shouldn't they have the right to influence those decisions through a voice in the ballot box?

If the amendment is approved, it will extend the franchise to approximately 400,000 youths 18 through 20 in Michigan. Many of them are well-educated and well-informed citizens, and not a few of them, we suspect, may be better qualified to vote intelligently than some of those 21 and over who are now entitled to cast ballots.

The proposal to lower the voting age to 18 (it will be Proposal No. 1 on the Nov. 8 ballot) has the endorsement of the whole spectrum of the political scale, from men as conservative as Barry Goldwater to men as liberal as Vice President Hubert Humphrey.

Placing of the proposal on the ballot was approved by the Michigan Legislature by a vote of more than two-thirds of the members, and lowering the voting age to 18 is part of the platform of both the Democratic and Republican parties in Michigan.

Said Gov. George Romney, Republican: "Young people get greatly interested in public affairs ahead of the 18th birthday. If they could become involved in a more meaningful way at that age—through the right to vote—I believe they would be more likely to remain active."

Said Zolton Ferency, his Democratic opponent: "Lowering the voting age would provide great stimulus to the youth of Michigan to assume a more active role of citizenship. I am confident they would bring to the democratic process fresh enthusiasm, energy and interest that would make better citizens of all of us."

Vote "Yes" on Proposal No. 1 on Nov. 8.

There is one great advantage to the duplicate technique.

Californians Have 'Do-It-Yourself' New Nation Plan

SAN DIEGO, Calif. (AP)—Bruce McManhan and Richard Faggett want to add another pioneering nation to the roster. It's a do-it-yourself project.

They want to scuttle a 7,000-ton World War II freighter in the shallowest spot of Cortes Bank, a shoal 120 miles west of here in the Pacific Ocean. Then they would build an island by hauling in concrete, clay and rubble.

"I know it sounds fantastic," said Taggart, "but we've consulted experts in international law and they say there's nothing to prevent us from starting our own country if we want to." They said they would start an asbestos canning factory on the island.

Fastest Growing Crippler In U.S.

Mysteries Shroud Emphysema

By TOM NOLAN
WASHINGTON (NEA)—"They act as if they had just finished a four-minute mile run every minute of their lives."

Questions And Answers

Q—What unit is used to measure time?
A—The second is universally used as the unit of time, the second being 1/86,400th of a mean solar day.

Q—Why is a part of France called Brittany?
A—Brittany is supposed to have received its name from those Britons who were expelled from England and took refuge there between the fifth and seventh centuries. Before that time the country was named Armorica.

"Quotes"

I believe there was a King Arthur, and that the chances are 6 to 4 on his having lived at South Cadbury.

Sir Mortimer Wheeler, British archaeologist, believes site of the legendary Camelot has been found.

When white and black and brown and every other color decide they're going to live together as Christians, then and only then are we going to see an end to these troubles.

Barry Goldwater.

The feeling of the men is that the money looks good but they want more of it right now.

President of Local 1731 explains why the machinists turned down proposed airline agreement.

It is societies which do the big killing. An Eichmann is only a harmless mechanic or at worst an individual murderer—until society tells him that he may, and indeed ought, to kill.

Then people, even quite ordinary people, seem capable of going to almost any lengths.

David Astor, to a meeting of the American Jewish Committee.

Emphysema is characterized by an irreversible gradual destruction of lung tissue. Airway tubes are obstructed and air is trapped within the lungs. Result: labored breathing and a loss of stamina.

Severe Cases Fatal
Many victims have difficulty in exhaling, normally the "easy" part of the respiratory cycle. A mild case may result in exhalation difficulties after exercise.

In a moderate case, the victim may not be able to climb a flight of stairs without becoming breathless. On the job, he's generally limited to sedentary work.

Severe cases may be fatal. More than 18,000 Americans will die of emphysema this year, an increase of 700 per cent since 1936. About one out of every 14 American workers over 45 are disabled by the disease, which strikes men 10 times more frequently than women.

Social Security disability benefits for emphysema victims are exceeded only by those for heart disease. It is responsible for more invalidism among males than cancer, tuberculosis and cerebral strokes.

Smoking Cause? PHS says that at least two million and possibly as many as 14 million Americans suffer from chronic obstructive respiratory diseases. Though officials can't produce exact statistics, they rate emphysema as the most frequent among such ills.

While the basic cause of em-

physema remains unknown, many doctors and the PHS contend cigarette smoking and air pollution are among the aggravating factors.

Particularly smoking. Though it did not establish a causal relationship between emphysema and smoking, the Surgeon General's Advisory Committee on Smoking and Health pointed out two years ago that some relationship existed.

The committee also said that cigarette smoking was the most important cause of chronic bronchitis, another respiratory disease which almost always is found with emphysema.

Fungus Poisoning
Just a few weeks ago, two doctors — at a press conference financed out of their own pockets — claimed that they had induced emphysema in animals by having them breathe cigarette smoke.

The doctors — Joseph Forgas of the Good Samaritan Hospital in Suffern, N.Y., and Walter Carl of the Bluff Run Research Farm in Hopkins, S.C. — forced mice and beagles to inhale smoke from cigarettes and specially cured tobacco that had been doped with two types of tobacco fungus.

One of these, alternaria, is found on just about every cigarette sold in the United States, Dr. Forgas said.

Eight of the 24 beagles tested over a six-month period died, as did all of the mice. Autopsies revealed that their lungs were afflicted with emphysema, which the doctors insisted had been brought on by tobacco, in particular the two fungus growths which implanted poisons on the leaves during growth or curing.

So far, this report has been met with skepticism by the scientific community, but this is something the two doctors are used to.

"But in one case, I was absolutely refused a permit. Without it I couldn't ship the charcoal. Then, as I went out the door, I was met by the brother-in-law of the official who had refused me a permit. He said he understood I had some charcoal to sell. It was a deal between the two men. They would ship the charcoal and make the profit.

"I'd like to see a chart put on the wall of the official's office listing the five things you must do to get a permit. They'd be the same for everyone. If a bribe is on the list that's all right, too—just so it's the same all the time and the same for everyone."

The Vietnamese wants local courts which will enforce these laws fairly.

He doesn't want the details of his life run by a central government. Whatever the major law, over his local life he wants them to be made by his own community.

After 20 years of war, he wants security so that he and his family can work and live without fear.

He wants economic opportunity so that he has a chance to better himself and in order that his children may have things a little better.

The elections gave him hope that some of these things might be possible. It was the first hope he'd had for a long time.

People, Events Of Yesteryears

From the files of the Escanaba Daily Press
25 YEARS AGO
Lucille St. Cyr, 1533 8th Ave. S., & Anna Mae Gallagher participated in the annual out-door Rosary pageant held at Mount Mary College.

The first school dance of the season was held at Escanaba high school with the school dance orchestra providing the music.

60 YEARS AGO
The council instructed the board of public works to immediately install an electric light at Mary and Jacob streets and in the Royce Ave. Park.

Atty. James Frost was formally admitted to practice in the Delta county circuit court, taking the oath before Judge R. C. Finnigan.

A sudden rise in temperature allowed Escanaba and this immediate district of Cloverland to escape a heavy snow storm that swept the greater portion of the peninsula.

Ann Landers

Gleesome Threesome Needs Breaking Up!

Dear Ann Landers: I was touched by the letter from the teen-agers who bought an orchid for their mother only to be told, "What a foolish thing to do. Where in the world am I going to wear an orchid? To the supermarket?"

I had the same kind of a mother and it nearly wrecked my life. When I was six I found a dime on the street. I went to the candy store and looked at all the goodies for about 30 minutes. Then I decided I would rather buy some buttons for my mother because the ones on her best dress didn't match.

When I gave Mom the buttons, she screamed at me. The buttons were the wrong size and the wrong color and I was a dumb kid. That was the story of my childhood — rejection, belittling, getting yelled at.

I was determined that my children would never suffer as I did. Last week when my 5-year-old presented me with a dried up pansy, I pinned it on my dress and wore it to the market. Alice was so pleased she beamed all day.

I'm clipping that orchid letter as a reminder, Ann. Thank you so much for printing it. — A LOVED MOTHER

Dear Mother: Thank you for reminding us all, once again, how important it is for parents to be aware of a child's need for praise and approval. With love and acceptance children blossom. Without it they wither and die.

Dear Ann Landers: My husband and I have always had a better than average marriage. Our children are grown and we have grandchildren.

A relative lost her husband several months ago and Earl and I decided to ask her to live with us. We have plenty of room here and we have always enjoyed this person as a guest.

Well, ever since she moved in, I have felt like an outsider in my own home. It is nothing SHE does, it's Earl. He addresses all his remarks to her and the two of them talk right past me, as if I were a wall decoration.

At supper tonight he said, "There is one piece of meat left. Helen, you and I will split it." Whenever Earl and I go any place we invite Helen, she never refuses so now we are like triplets. Please tell me what to do. This arrangement is

F. J. Juneau Taken By Death

Frederick J. (Fred) Juneau, 33, of Little Lake, Mich., died suddenly at 10:25 a. m. Monday while at work at the Bacco Construction Co. near Gwinn.

He was born Dec. 22, 1912 in Escanaba and lived here until 1956 when he moved to Little Lake. Mr. Juneau was employed as a woodman and construction worker. He was a member of the Teamsters Union.

He is survived by his widow, Lorraine; two sons, Joseph of Escanaba and Francis serving with the U. S. Air Force in the Philippines; two daughters, Mrs. Francis (Jeanie) Grenier of Wells and Mrs. William (Mary Ann) Couillard of Milwaukee; three sisters, Mrs. Stella Laundre and Mrs. Henry Laundre of Rte. 1 Escanaba, Ms. Don Cayer of Trenary and six grandchildren.

Funerals may be at the Alto Funeral Home from 4 to 9:30 p. m. Wednesday and funeral services will be conducted at the Alto Funeral Home Chapel at 10 a. m. Thursday with the Rev. Arnold Thompson officiating. Burial will be in Holy Cross Cemetery.

Sydney's Papers Question Ballyhoo

SYDNEY, Australia (AP) — "Why all the ballyhoo?" Sydney newspapers asked today as Australia's largest city added more innovations to the unprecedented welcome for President Johnson.

Among the special plans are free government transport into Sydney for children under 17; a million "Hooray for LBJ" stickers and tickertape strips; free distribution of thousands of American flags and the release of 10,000 balloons.

"Let us not go before the world as hero-worshipping juveniles," said an editorial in the Sydney Sun.

"There is a real danger that these hysterical stunts may backfire, embarrassing everyone, including President Johnson," said the Daily Mirror.

Language Dispute

DETROIT (AP) — Some 500 members of the Detroit Building Trades Council failed Monday to report for work on maintenance jobs in Detroit public schools. School officials said the men apparently took a day off in a dispute over language of a nondiscrimination clause in a proposed new contract.

Torch Drive

DETROIT (AP) — Eight-year-old Joel Schaaf, a Royal Oak Cub Scout, pressed a button Monday night that lit a giant gas torch symbolizing the 1966 United Foundation charity campaign in the Detroit area. The 34-foot torch in Detroit's civic center is to burn throughout the 23-day campaign to raise nearly \$25 million.

Educational Television Grows

ETV Extends Northern's Campus

By JEAN WORTH

The University of Wisconsin has boasted for many years that "the boundaries of our campus are the boundaries of our state." Northern Michigan University can say that about the Upper Peninsula, in spades.

One of its strongest projections from its Marquette campus is by its educational television station, WNMR-TV. National Educational Television is only 8 years old and Northern has had it for only two years. It is the only member of NET which has no broadcasting station. It operates through the cable television systems of the Upper Peninsula to 32 communities. The microwave relays of the cable system carry its signals from town to town; from school to school.

All day WNMR is on the air telecasting instructional programs to the schools. At night

Schools

WNMR-TV's telecast of classroom instruction to Upper Peninsula schools reaches a growing audience of students. At present three fourths of the schools taking the service from Northern Michigan University's Communications Center are Catholic schools.

it offers educational programs to the public. When it has no video show on its network it broadcasts music on an FM (frequency modulation) band.

No. 102 There are 108 educational TV stations in the United States and Northern's station in quarters prepared for it by partitioning Lee Hall, No. 102 in this roll of pioneers in electronic education.

Broad and varied as the usage of WNMR already is at Northern, it projects a usefulness for communication and instruction for the future which is virtually limitless.

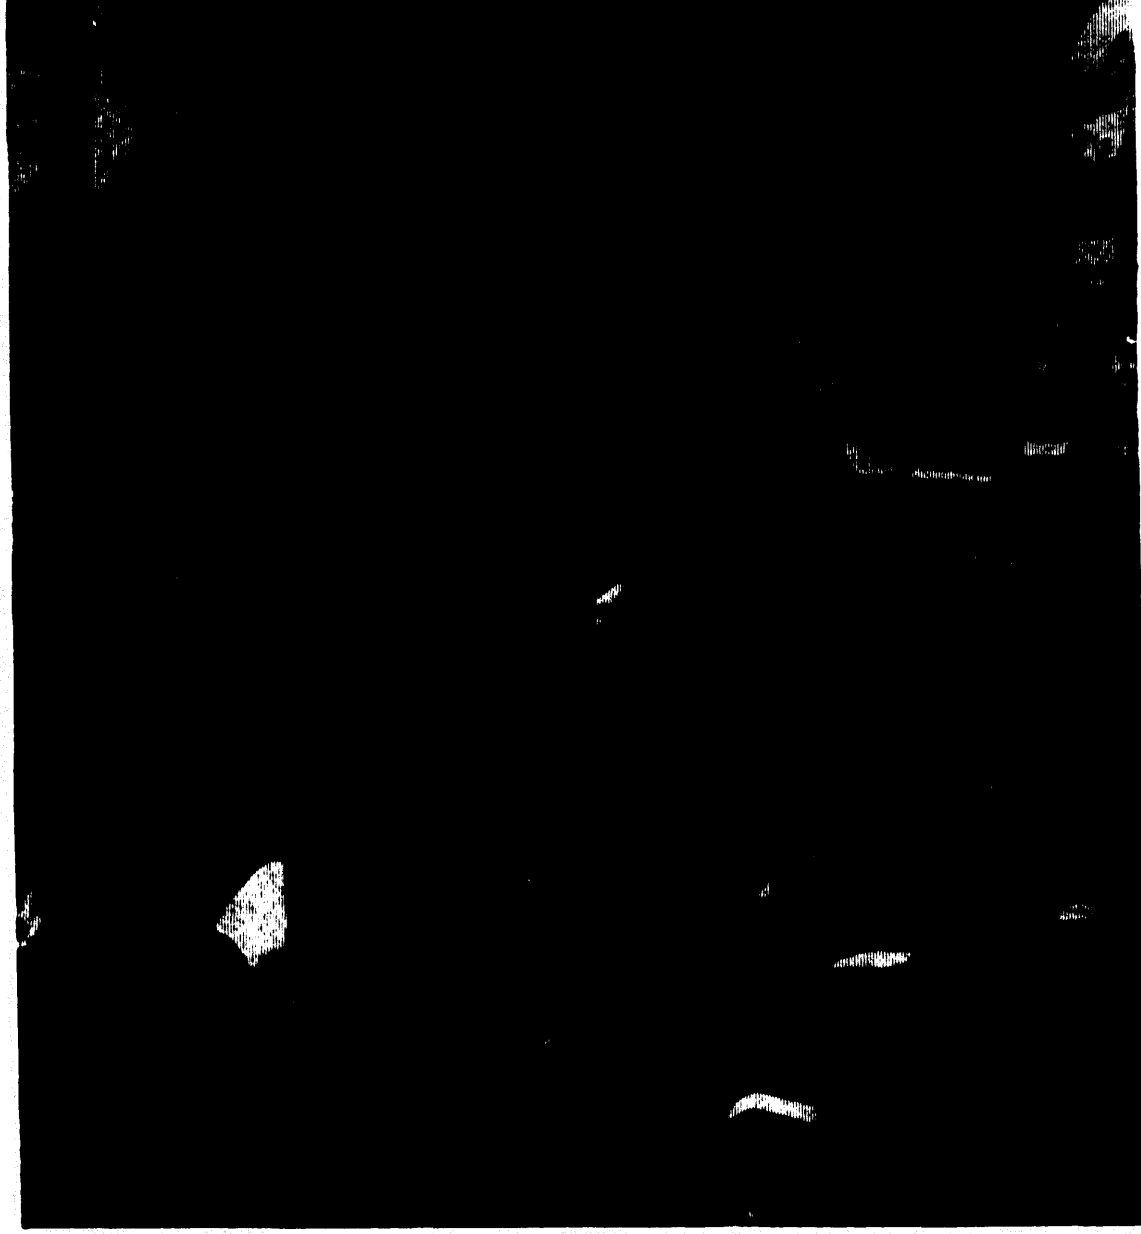

Because it is such a pioneering venture in both education and electric communications Dr. Edgar L. Harden and his administration and staff have had to seek out pioneers for the venture and to train persons in the needs of this specialized medium.

Pioneer Venture William Mitchell is director of NMU's Instructional Communications Center; Bruce Turner is production director and John Major is technical director. The Center has 16 full time workers and it is concerned with ETV, FM-Radio, audio-visual equipment and closed circuit TV for the university. In the university's interdisciplinary common learning program, for instance, TV takes the instruction to a "class" of 2,600 students at once.

The pioneering quality of this dramatic new venture into education by television is personified in Mitchell. He grew up in Georgia and began his television career as an educational specialist in 1955 with the Florida Agriculture Experiment Stations and Extension Service. For FAES he produced over 200 films for distribution to the state's ETV and commercial stations.

In 1958 he was recipient of the Farm Film Foundation national award for excellence. He was assistant dean of the radio and television division, Florida Institute for Continuing University Studies before going to Northern.

Seven Channels WNMR-TV can operate on seven different channels on the Marquette campus and a visit to its busy studios is a look at the future of our information and entertainment. There is a large library of tapes and sev-

ASSISTANT PROFESSOR Harriette B. Wilmer conducts a television classroom at Northern Michigan University in its John D. Pierce Laboratory School. The TV cameraman records reaction to determine whether the presentation is getting across to the children. (NMU Photo)

eral projectors. The place has more push buttons than a space capsule to the electronic equipment that sends out science lessons across campus. History 6 to grade schools and educational TV for adults, plus the bonus of off-hour music.

ETV appeals to a selective audience. Its average viewer has over average education and socio-economic status. He's apt to be in the 30s and anxious to get ahead in the world. While ETV attracts a small part of the national TV audience and has no money to spend on promotion, it offers a chance to do things in an imaginative way in television without the necessity to achieve financial success.

Need Log AM One of Northern's problems in building a public audience for its ETV is in getting cir-

ulation of a log of its programs, with no money for advertising. The newspapers of the Upper Peninsula are publishing these logs weekly as a public service and the ETV audience in the U.P. is growing, says Mitchell. The university tries for maximum viewership by usually repeating each program. "It is pointless to have a selective audience if it doesn't know what is available for selection," said Mitchell.

The programs are generated by Northern itself, they come in large part from NET and from the University of Michigan and Michigan State University and other sources.

The NET programs have been greatly improved and now offers 5 hours of new programs each week, a total of 260 hours a year in addition to a big library of past programs upon

which WNMR-TV and other ETV stations can draw. A little more than half of the new programs distributed by NET are about public affairs, programs dealing with issues of foreign policy, politics, government and social or economic problems. The rest of NET's weekly schedule is made up of programs of cultural interest — the arts, history, humanities and science — and children's programs.

Ann Arbor Office NET has its headquarters in New York and duplicates and distributes from its technical center in Ann Arbor. The initiative in establishing NET came from the Fund for Adult Education, a division of the Ford Foundation. NET is a noncommercial, nonprofit corporation which operates on an annual budget of about \$8 million, of which the Ford Foundation has been contributing \$6 million. About \$1.5 million comes from other contributors like business, foundations, individuals or government agencies, and another half million dollars from auxiliary uses of the programs.

In 1962 it was estimated that ETV was reaching 4.5 million to 7 million persons in homes each week and was viewed "at least occasionally" by as many as 12.5 million. In 1965 the figures were up to 10 to 15 million weekly and to 22.5 million occasionally. In three years the audience had doubled.

Many Offerings Fall offering of NET will include NET Journal, a weekly series of hour-long documentaries on major domestic and international affairs. The Negro in America will be given four shows, there will be two programs on schizophrenia, two programs on "The Vanishing Newspaper," and two on higher education examining today's college undergraduate and the pressure "to be first."

NET Playhouse will offer 40 productions this year of dramas, films, musical offerings ranging from classics to Off-Broadway. NET's "Experiment" will offer 8 programs on experiments that have increased knowledge significantly.

Marine Officer. Duty Extended

WASHINGTON (AP) — Too many resignations and not enough trainees — the familiar pilot story thus far in the Viet Nam war — have forced the Marine Corps to extend the duty of regular officer aviators for one year.

The Defense Department announced the move Monday and said that some support officers — men in ordnance, motor transport and the engineers — also would be ordered to stay on the job.

Officials estimated that about 500 of the 21,500 officers now on active duty would be affected, but emphasized that none of the 6,500 Reserve officers was included in the order.

The Defense Department said the new extension will not affect the tours of duty for pilots and other officers in Viet Nam, but will keep the number of experienced officers at a maximum to ease rotation needs. Right now Marine pilots serve as little as six months in the United States between Viet Nam combat assignments.

The mandatory extension is the second in two years for regular Marine officer pilots. They, along with all other regular officers, were held on the job in August, 1965, but were permitted to resign last month.

Officials acknowledged that many pilots quickly had taken advantage of the chance to get out of service. One source said at least 125 fliers had resigned last month — most of them to join the airlines.

The Navy has similar problems. Two weeks ago it ordered an estimated total of 300 fliers and 700 other key officers to remain in their jobs for another year.

It was learned Monday that the Marine Corps will seek funds to train 200 additional pilots next year. This year it expects to produce 525 new aviators.

Deposit Insurance Raised To \$15,000

WASHINGTON (AP) — President Johnson has signed a bill raising to \$15,000 the amount of federal insurance on deposits at commercial banks and savings and loan associations.

The increased insurance coverage is effective immediately. The addition is not retroactive. It applies only to claims originating after signing of the bill. The president signed the bill Sunday night before his departure on a Far Eastern trip.

Most provisions of the new law give the Federal Reserve Board, the Federal Deposit Insurance Corp., and the Federal Home Loan Bank Board greater supervisory power over banks and savings and loan associations.

Question Teachers On Health Course

Teachers of Delta and Menominee counties are to be questioned on health subjects soon. Areas of interest and need for a possible health education course are being explored. Preliminary work on the health course materials is being done by the Delta-Menominee District Health Department.

EUGENE JEMISON, talents artist and folk singer, will give a public folk concert at 8 p. m. today at William Bonifas auditorium, sponsored by Bay de Noc Community College. Jemison is shown demonstrating printing methods to college students Monday. (Community College Photo)

Folk Songs Top Jemison Concert

Eugene Jemison, versatile artist and folksinger, will conclude a two-day visit to Bay de Noc Community College and Escanaba at 8 p. m. today with a folk concert at William Bonifas auditorium.

Concert is open to the public with tickets available at the door.

Jemison, a native of Kansas, received his bachelor of fine arts degree from Washburn University and his master's degree from Kansas City Art Institute. He was a member of the Kansas City Art Institute faculty for 18 years.

He combines folk music with art in lecture concerts and demonstrates all over the United States and Monday showed Bay de Noc students some of the finer points of silk screen printing at the college.

"It is difficult to separate art and music — or almost any field for that matter — from the tangle of related subjects," Jemison says. "The time has come to reconsider the boundaries of specialization, not at the expense of specialization, but rather by working on the borders of each subject and finding out where it touches, penetrates or supplements another."

"In a sense," he continued, "this is a suggestion to invite collaboration between the artist and musician and many other specialists. The purpose of education should be development of the whole human being. No part of it should be advanced at the expense of others."

Jemison's folk singing talents, include playing of the lute, banjo and guitar. He will use all three instruments in his concert tonight. The lecture on folk music at the Bay de Noc Community College at 1 p. m. today was open to the public.

Ask More Players To Try Out For 'The Music Man'

The directors of Meredith Willson's "The Music Man" produced by the Players de Noc need more men and women to try out for minor roles and chorus parts. They are also looking for a barbershop quartet.

Therefore another session of tryouts has been set for 7 to 8 this evening in Room 101 at Bay de Noc Community College.

Any and all Barbershoppers of Delta County and former Orpheus members are invited to participate.

Sr. Hildegard Heads Hospital

Rev. Mother M. Pieta was elected to a second term as mother general of the Sisters of the Third Order of St. Francis at the general chapter which convenes every 6 years. It concluded Oct. 6 at Peoria, Ill., mother house of the order which operates St. Francis Hospital in Escanaba, with election of the mother general and four council members.

Mother Pieta's assistant and first councilor is Sister Mary Ellen, formerly supervisor of the mental health unit at St. Francis Hospital, Peoria; second councilor is Sister M. Jeannette, a former Council member and currently director of the St. Francis Community Clinic, Peoria; Sister M. Lucy, former director of junior professed sisters is third councilor; and Sister M. Fridoline, formerly superior and administrator of St. Joseph's Hospital, Keokuk, Iowa, is the fourth councilor. Sister M. Lidwina was elected treasurer general, an appointment she has held for the past six years.

The chapter opened Sept. 29 and a week was given to religious and professional affairs of the community. The chapter will remain open for nine months for experimentation in all aspects of religious life. All religious communities have been asked by the Sacred Congregation of Religious to hold another chapter in 1968, before

Oct. 11. Within this two year period the rules and constitutions of each community should be revised and updated.

At the conclusion of the general chapter meetings the newly elected Council members met with Rev. Mother M. Pieta and the following appointments were made:

Sister M. Damian was reappointed as administrator and superior at St. Mary's Hospital, Marquette.

Sister M. Hildegard was reappointed as administrator and superior at St. Francis Hospital, Escanaba.

Sister M. Augusta, formerly nursing service coordinator for the order, was appointed administrator, and Sister M. Conception, formerly administrator at St. Francis Hospital in Burlington was appointed superior at St. Joseph's-Lloyd Hospital in Menominee.

Sister M. Lucy, newly elected third council member was also appointed secretary-general for the order.

Clevenger Here For Two Days Of Campaigning

Congressman Raymond Clevenger (D-Sault Ste. Marie) was scheduled to come to Delta County at 3:30 p. m. today from Menominee to campaign with George St. Louis, Delta County Democratic chairman. They were to meet at Bark River and go to Schaffer for the rest of the afternoon, dine at Kallo's Restaurant in Wells and then spend the evening in the Ferronville area.

Clevenger is scheduled to campaign Wednesday in Gladstone, Kipling and Rapid River, where he will have lunch at Jack's Restaurant.

Don't sign that paper!—Until you have read it carefully, and don't sign it even then unless you understand it. If you have any doubts, see your lawyer—he's trained to tell you exactly what you are getting and what you will have to pay for it. Don't expect your lawyer to work miracles after you have signed away your rights. See your lawyer before you sign. He will save you time, money and trouble.

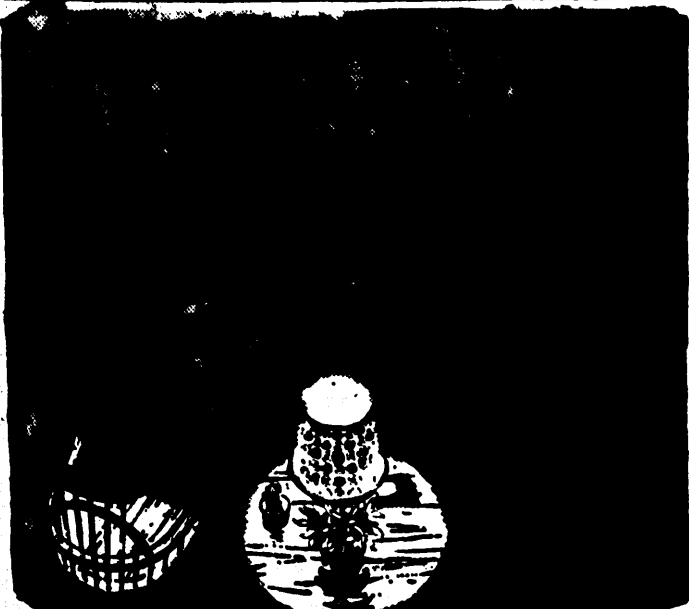

There's a lawyer in your life—Depending on the nature of your problem you consult your clergyman, your lawyer or your doctor. If you don't have a lawyer, call your local bar association or contact the—State Bar of Michigan, Lansing 40014.

Carol M. Thorsen Wed To Ben Mallen

Trinity Lutheran Church in Stonington was the setting Saturday, Oct. 15 for the double ring wedding ceremony uniting in marriage Miss Carol Marie Thorsen of 7330 S. Coles, Chicago and Ben Mallen also of Chicago.

Hearing the solemn exchange of vows at 4:30 in the afternoon was the Rev. Kenneth Swanson of the Tabor Lutheran Church of Chicago assisted by the Rev. George Olson of Rapid River.

Providing traditional organ music for the ceremony was Mrs. Harry Ottensmeyer of Escanaba and soloist was George Moss of Chicago. Alcolytes were Kevin and Glenn Johnson of St. Paul, Minn.

The bride is the daughter of Mrs. Samer Thorsen of Stonington and the late Samer Thorsen. Parents of the bridegroom are Mr. and Mrs. Albert Cohn of Chicago.

The bride was attired in a long sleeved all-aleen lace sheath gown with a peau de soie coat train. A double bow covered with all-aleen lace and white pearls held her veil of French silk illusion net and she carried a cascade of white butterfly roses with trailing English Ivy.

Maid of honor was Mrs. Mary Lee Wetters of Chicago and bridesmaids were Miss Esther Thorsen of Stonington, sister of

Mrs. Ben Mallen

the bride and Miss Irene Miller of Chicago. Miss Cheryl Lynn Johnson of St. Paul, Minn., a niece of the bride, was junior bridesmaid.

They were attired in floor length gowns fashioned with sleeveless Empire bodices of green brocade with skirt of moose colored crepe. Long coats of moss green brocade were attached to the shoulders with tailored bows. They carried cascade bouquets of yellow, bronze and rust colored eryanthemums.

Serving as bestman was John Wetters of Chicago and groomsmen were Jerome Brandenburg and James Stede of Chicago. Junior groomsmen were Larry Thorsen of Stonington, a nephew of the bride. Seating the guests were Ronald Thorsen of Stonington and William Smith of Detroit.

Flower Girl Little Lori Thorsen, a niece of the bride of Stonington was the flower girl and she was dressed identically to the bridesmaids. In the role of ringbearer was Mark Pearson of Rapid River, a nephew of the bride.

For attending her daughter's wedding, Mrs. Thorsen chose a blue-green crepe dress complemented by matching accessories and a corsage of white roses. A wedding reception was held honoring the couple at the Stonington Community Building. Following a wedding trip to northern and southern California the newlyweds will make their home in Chicago.

The bride is a graduate of Rapid River High School and attended Northern Michigan University. Mr. Mallen is a graduate of the Illinois Institute of Technology.

Rock

The Sacred Heart Guild will hold its monthly meeting on Wednesday, Oct. 19 at 8 p.m. in the Rock Lions clubhouse. Plans will be made for the November games party and the annual Christmas program. Mrs. Clara Lindstrom and Mrs. Mary Nelson will be hostesses.

A 2-c Wayne Sharkey left Monday morning to return to the Amarillo Air Force Base, Texas, after a furlough at home. He will visit in Chicago for a few days enroute to Texas.

Women's Activities

Bethany Lutheran Church Women Meet Thursday

Bethany Lutheran Church Women will hold their monthly meeting Thursday at 8 p.m. in the church parlors.

The Faith Circle will be in charge of the program. Pastor George Olson of the Calvary Lutheran Church of Rapid River will speak on "The Twenty-Third Psalm". Musical selections will be presented by Mrs. Sylvia Gleaser and Mrs. Beverly Moraco.

Installation of new officers of the LCW will also be held.

The Patience Circle, Miss Sirika Searelainen, leader, will serve refreshments. All women of the area are welcome.

Pill Peddler's Ball Termed Successful Event

The Pill Peddler's Ball held at the Delta Supper Club on Saturday, Oct. 15 by the United Commercial Travelers Council 616 and Auxiliary 229 was enjoyed by a large number of members and guests.

S. C. Mrs. Jack Savard welcomed the Grand Councilor of the Ladies Auxiliary of the State of Michigan, Ruth Marble and her husband, and Mrs. C. Delano, of Kalamazoo. A delicious dinner was served followed by dancing.

S. C. Jack Savard announced the next function will be a public card party, sponsored by the Council and Auxiliary of St. Joseph's Hall on Nov. 16. All benefits from this party will be donated to the John F. Kennedy school for the retarded children.

All members are asked to donate their services to this worthy cause. Mrs. Stewart Hill is grand chairman and more information can be obtained from her by calling STV-0106.

Powers-Spalding PTA Meet Held

POWERS-SPALDING - The Powers-Spalding Parents-Teachers Association met on Thursday evening, Oct. 13 at the high school. President Wayne Miller opened the meeting with the Pledge of Allegiance to the Flag.

Mrs. Walter Peterson accepted the general chairmanship of room mothers and is looking for volunteer room mothers.

The room award went to the first grade. A suggestion was made to have the hot lunch menu published. Superintendent, Jerry Albright, stated that very little surplus is being received for the hot lunch program this year and that is why the meal tickets have gone up.

Albright also presented the new projector and screen that was purchased with federal funds this past summer. Irving Haskman, school board president, explained reorganization.

Miller reminded the group that October is membership month. Special prizes went to Roger Stubbins, Victor Aarts and Mrs. Stanford Strand. Refreshments were served to a large attendance.

Hey, Brides, Stuck With Hamburger?

Is hamburger keeping the American married male from starving to death? One young bridegroom thinks it is. He has been married three months and it is the only food his bride has served him.

"I vary the taste with mustard, catsup, relish, onion, but no matter how you put it, it's still hamburger," he says.

His advice is: Boys, eat while you can. Tomorrow you diet or die. He's not sure which. Funny thing is, he was a hamburger buff when he was home with Mom.

"When the family was dining on roast beef, chicken, veal, paprika and beef stroganoff, I was off with the gang gobbling hamburgers or pizza pie. I wish I'd told Mom to freeze all that stuff against the day."

This young man has even thought of taking cooking lessons. His wife has threatened to leave him if he tells anyone she can't cook. Her efforts with a 1½ pound chicken resulted in something that tasted like dishwater soap. She used six quarts of water with it.

Why didn't her mother teach her to cook or buy her a cook book, he wants to know.

So — there's a tip for all young brides-to-be. Learn to cook. You can't just walk up to a store and get food purring.

By HELOISE CRUSE
Dear Heloise: I found that running a strip of nylon net through the cracks and crevices in the high chair is the best method yet for cleaning out the spilled food.

Dear Heloise: When I hang my little girl's underwear and little boy's shorts on the line, I put them over the line with the sides hanging down. I use one clothespin on each article. When they are dry, I remove the clothespins and lift the garments off the line — already folded in half and ready to put away.

Ann Hunter

Dear Heloise: Try using a large, thick bath towel (an old one, or a "second" bought on sale) for an inside doormat. Fold in half, then fold again. When one side is dirty, turn over or refold.

That way you have eight clean sides before you have to wash it. It is thick on the floor, but is easy to launder and dries fast on the line.

Lillian
Copyright 1966, King Features

Social-Club

The Walt Wetters TOFS Club will meet Wednesday at 7:30 p.m. at the VFW Hall. Menu and fruits will be collected.

Halloween Party The Soo Hilltoppers 4-H Club will hold their Halloween party at 7 p.m. Thursday at the school. Costumes are to be worn and those attending are to bring an item for lunch.

Bark River

Birthday Party Barbara and Mary Moser observed their ninth birthday Friday afternoon at the home of their parents, Mr. and Mrs. Adolph Moser, in Wilson.

Games were played with prizes for all. The lunch table featured the traditional birthday cake. Guests included: Tom Finner, Bonnie and June Knapner, Wendy Schultz, Cindy Smith, Sandra Davis and Debra Phelan, all from the Powers-Spalding area. From Wilson were: Maria, Julia and Diane Kleiman, Mary Kleiman, Kathy Harris and Linda Roeker. Mrs. Wayne Moser, Mrs. John J. Kleiman and Mrs. Richard Harris were also present.

PTA Will Meet The Bark River-Harris PTA will hold Wednesday night Oct. 19, in the elementary school at 8 p.m. The district senator from Iron Mountain will be the featured speaker. Rev. Nordin will report on the PTA Workshop held recently at K. I. Sawyer AFB. The annexation to Escanaba will be discussed. All those interested in the welfare of the children and school are urged to attend this meeting. Lunch will be served by ladies from the Schaefer area.

There is a little knock involved, especially if you want to eat a variety of foods. The world's best chefs use an "out" begin a cook book collection. If you want to learn on the fly, libraries have cook books. Copy their recipes.

"If you can read, you can cook," is an old truism. Budget-minded couples could learn two things: How to serve a varied menu from one cut of meat and how to make cheaper cuts of meat do for a great dish.

A Sunday beef sirloin roast for example, may seem expensive, but it is solid meat. It can start out as a roast. It can become beef stroganoff with the addition of sour cream. It can be a beef-and-bean-sprouts dish another day, and the remainder can be cut up for hash or ground up for spaghetti meat sauce or for chili con-carne, tamale pie. Recipes for leftovers are in cook books.

Cheaper cuts of veal or beef can be used in place of more expensive cuts providing the meat is cooked slowly for a long time and trimmed of fat and gristle before putting it with final ingredients. Veal curry, paprika, ragout may be made from stew meat. These dishes may be served with rice or noodles to make good winter dishes.

You can have a party at the stove if refrigerator and pantry shelves are equipped with ingredients for making a wide variety of dishes. Once you learn to work with leftovers, you are on the road to being a good cook. Foods that can serve as ingredients for leftovers should be on hand — fresh, canned or frozen. These include peppers, mushrooms, tomatoes, curry powder, beef and chicken cubes or stock, onions, bean sprouts, tomato sauce, almonds, celery, carrots, parsley.

William Dennises Honored On Golden Wedding

CURTIS — Rev. and Mrs. William Dennises of Curtis were honored recently with a chicken supper at Walker's Restaurant on the occasion of their 50th wedding anniversary.

Attending were Mr. and Mrs. William Fennight of Lansing, Mr. and Mrs. Parker Arthur and Mrs. and Mrs. Hall Smith Curtis, Mr. and Mrs. Charles Lammeman of Ft. Main, Mr. and Mrs. Richard Gurnsey of Detroit and Mrs. Virginia Marks of McBain.

Rev. and Mrs. Dennises spent the past weekend in Flint where a family get-together planned by their son, Dennis, was held in their honor. They are the parents of six children, have 16 grandchildren and 10 great grandchildren.

Dr. and Mrs. N. L. Lindquist have returned from a two week vacation trip which took them to Quebec and through the New England states. Enroute, Dr. Lindquist attended the annual meeting of the Michigan State Medical Society in Grand Rapids.

Dr. and Mrs. N. L. Lindquist have returned from a two week vacation trip which took them to Quebec and through the New England states. Enroute, Dr. Lindquist attended the annual meeting of the Michigan State Medical Society in Grand Rapids.

Soo Hilltoppers Elect J. Meiers

James Meiers was elected 1966-67 president of the Soo Hilltoppers 4-H club at a recent meeting.

Other officers chosen include Marilyn Harrison, vice president; Verna Harrison, treasurer; Judy Young, secretary; Connie Couchene, news reporter; and Kathy LeClair, recreation leader. Mary Cappeert and Melinda Thorne were named color bearers and Carla Fletcher and Judy Hinn selected to the lunch committee.

The group made plans for a Halloween party.

Isabella

Mr. and Mrs. Edwin Sundin spent the weekend at the home of their daughter and son-in-law, Mr. and Mrs. Tim Doyle at Houghton where Mr. Doyle is a student at Houghton Tech.

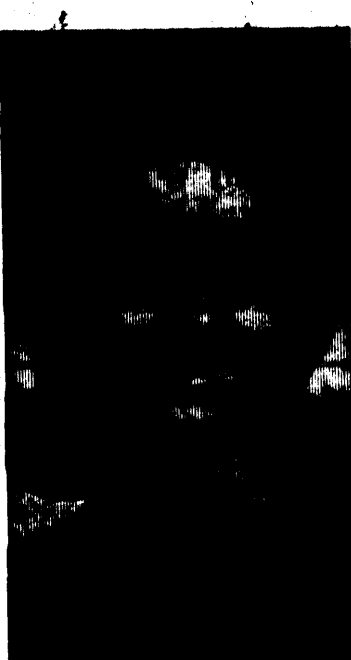

Miss Dorothy Legault of Chicago spent the weekend at the home of her parents, Mr. and Mrs. Henry Legault.

The Arvid Sundin spent the weekend with their daughter and family, Al Asplund of Cunard.

Mrs. Harvey Sundin, Delta County Farm Bureau Women's Chairman and Mrs. Ted Sundin, information chairman attended the district workshop session at Rapid River on Friday.

The Isabella Farm Bureau members met Friday evening at the Harvey Sundin home. The meeting was opened by the chairman Ted Sundin. Secretary report was given by George Froggatt and minute man's report by Harvey Sundin. The discussion topic was "Our Legislative Program."

Refreshments were served and a social hour followed. Mr. and Mrs. Ted Sundin will host the November meeting.

Mrs. Emily Williams

ANNOUNCEMENT is made by Mr. and Mrs. Louis W. Krause of Bark River of the engagement of their daughter, Alyce June, to Robert Paul Jacobson, son of Mr. and Mrs. Fritz J. Jacobson of Marquette. Both young people will be January, 1967 graduates of Northern Michigan University. The wedding date has been set for Jan. 28, 1967.

Luther Barrett Guest Speaker At Cornell PTC

The Centennial Anniversary of the Escanaba Area Public Schools was observed at the regular monthly meeting of the Cornell Parent Teachers Club on Thursday evening. Luther Barrett, superintendent of schools was guest speaker. Barrett pointed out the growth in the area from the time the first tiny educational building was built 100 years ago to the present school system.

Many old and interesting slides were shown including some of the first football squads and graduating classes.

A business meeting was held after the program and parents were reminded of the Halloween carnival to be held, Monday, Oct. 31 at the town hall. This carnival will be open to the public. There will be fish ponds, spook houses, surprise bags and a cake walk. Numerous booths with items for sale will also be part of the activities. Lunch will be served at the close of the program.

Mrs. Laviotto received the room award for the month and the fifth and sixth grade mothers served lunch.

Personals

Dr. and Mrs. N. L. Lindquist have returned from a two week vacation trip which took them to Quebec and through the New England states. Enroute, Dr. Lindquist attended the annual meeting of the Michigan State Medical Society in Grand Rapids.

Escanaba B.&P.W. Club Honors Emily Williams

National Business Women's Week is proclaimed in honor of all women who work and in recognition of the many women who successfully combine the role of housewife and mother with their careers. Escanaba Business and Professional Women's Club today salutes one of its own members who leads this full active life.

Mrs. Emily Williams, the daughter of Dennis and Mary Louise Blenis, was born in Kalamazoo, Fla. She attended the University of Wisconsin for two years and a business college in Madison, Wis. for one and one-half years. From 1934 to 1941 she was employed as a secretary in the political science department at the University of Wisconsin and for the past two years she has been employed as office clerk by Farmers Home Administration.

In 1941, Mrs. Williams became the wife of Arnold T. Williams who is District Manager for the Social Security Administration in this area. They are the parents of four children: Mary Joy and Cecilia who are students at the University of Michigan, Linda who is in the 8th grade at St. Joseph School and Mark, a freshman at Holy Name High School.

Mrs. Williams enjoys playing bridge and reads mystery stories for relaxation. She is a member of St. Joseph Church, St. Catherine of Siena Church Club, a bridge club and Escanaba BPW Club where she is currently serving as recording secretary.

McDonalds Creek Pike Marsh

Hiawatha Low Dam To Aid Wildlife

The Rapid River Ranger District of the Hiawatha National Forest has completed construction of a low dam at the junction of Forest Road 2427 and McDonald Creek.

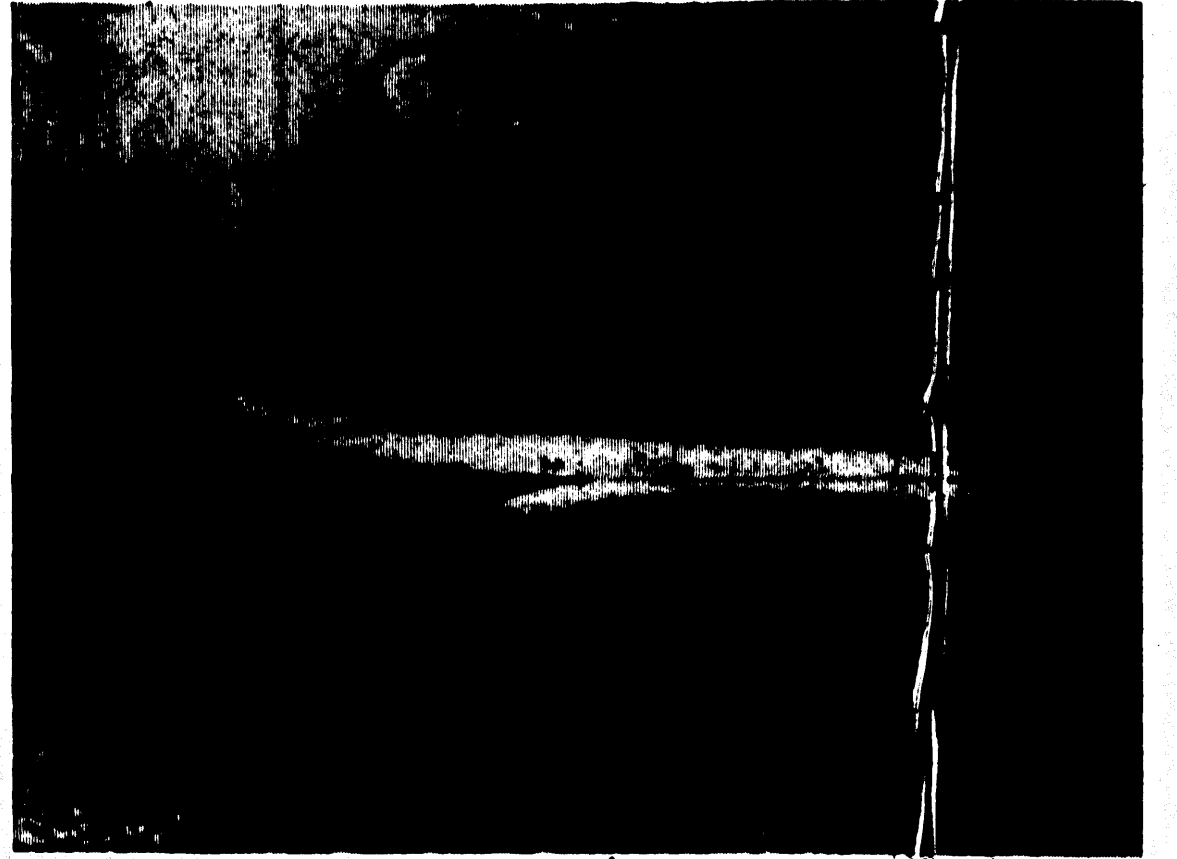

The objective is to develop a marsh for ducks, furbearers, and non-game marsh birds. During the spring, the marsh will provide spawning habitat for northern pike.

Part of the proposed impoundment is an abandoned beaver pond. The area is too wet for upland game and non-game animals and not wet enough for waterfowl and other marsh-dwelling animals. Vegetation is too open for upland animals and too brushy for ducks and marsh species.

The level of the impoundment will be fluctuated to regulate the development of vegetation. During the first few years, a high water level will be maintained to kill the invading willow and tagelder. The higher and stable water level will also encourage growth of cattail and other desirable marsh species. Converting the lowland brush-type to a productive marsh will require several years.

After establishment of a suitable marsh situation, periodic fluctuation of water level will be employed to encourage development and use of duck foods. The water level will be lowered during the growing season to encourage growth of food plants. During fall migration, the food plants will be flooded to make them available to ducks.

Development of a productive marsh will benefit a large number of different animals. In addition, it will provide an excellent place to observe wildlife and to hunt.

THE DAM CREATED to hold the McDonald Creek impoundment in the Rapid River Ranger District of the Hiawatha National Forest is pictured. The flooding will create a pike marsh on this tributary of Haymeadow Creek. The dark area in the center of this dam is a structure to control the water level in the marsh.

THE REMAINS of an old beaver pond are pictured here with McDonald Creek flowing through it. The area will be flooded by a dam constructed by the U. S. Forest Service to create a pike marsh. The bulldozed area in the foreground has had brush removed to create the pike marsh. (U. S. Forest Service Photos)

City Planning Before Council

Consideration of the continuing processing of planning study and planning program for Escanaba will come before the City Council when it meets at the City Hall at 8 p.m. Thursday.

City Manager George Harvey said the agenda includes: Receiving a report and recommendations of the Planning Commission, including: Acceptance of an Urban Renewal Area, acceptance of preliminary maps on land use, major streets and the central business district plan.

Other matters to come before the Council include the first reading of ordinances relating to amendment of the zoning ordinance, of which one is the proposal to change the zoning on S. 22nd St. to permit the establishment of a shopping center on 10 acres of land zoned commercial.

Reports and recommendations of the Recreation Board will also be received. These include proceeding with a recreation building and recommendation on the operation of the Drop in Center for older citizens.

The Council will also consider adopting a resolution to the Economic Development Administration for supplemental financial aid in the expansion of the Escanaba airport.

Augenstein Will Speak To Public Here Wednesday

Leroy G. Augenstein, Michigan State University professor and Republican candidate for member of the State Board of Education, will speak to the public in the Wm. Bonifas Auditorium at 8 p.m. Wednesday.

Because of a change in schedule, he will not speak at Bay de Noc Community College in the afternoon.

Dr. Augenstein will be guest of honor at a dinner program to be held at the Sherman Hotel at 6 p.m. Wednesday. The public is invited and reservations are to be made by calling ST 6-6340 or ST 6-3123.

Dr. Augenstein is founder and chairman of the Biophysics Department of Michigan State University. He has served as research administrator for the U.S. Atomic Energy Commission and is consultant to the American Institute of Biological Sciences.

Chair Lift For Porcupines Is Due Next Year

A new chairlift is expected to be in operation in the downhill skiing area of the Porcupine Mountains State Park for the 1967-68 winter season, the Michigan Conservation Commission has been informed.

Robert O. Dodge, chief of the Conservation Department's Parks Division, said department engineers had informed him that the estimated completion date for installation of a chairlift addition to the existing rope tow and T-bar lift is November 1967.

The Legislature has appropriated funds with which to purchase the new equipment, which, Dodge said, "will make a decided change in the use of the ski area."

The commissioners voted to extend the present ski concession lease in the park now held by Lyle Hotchkiss rather than seek new bidders at this time. Hotchkiss was awarded a three-year concession lease, which has now expired.

The downhill skiing area in the Porcupine Park was opened in the winter of 1948-49. At that time it was the only large scale skiing development of its kind in the Upper Peninsula.

It proved so successful and popular that private operators were encouraged to develop similar ski areas in the Peninsula, and today there are a number of ski resorts scattered across the central and western U.P.

Gunpowder Fire Kills Two Men

ALTON, Ill. (AP)—Two men were killed Monday when 7,000 pounds of gunpowder exploded inside a truck trailer, sending flaming debris over a square-block area and destroying three buildings.

The dead were Murie Olive, 58, owner of Murie's Bait Shop located two blocks from downtown Alton, and Harry Bragg, about 40, of De Soto, Kan., an employee of Fishaw Ammunition Co., of Kansas City.

The shop, which sells ammunition to hunters, and two adjacent homes in the area were set afire.

The driver of the truck, Leonard Summers, 34, of Kansas City, suffered minor burns. Officers said the blast occurred as Summers and the two victims were unloading part of the explosive cargo. Sixty firemen battled the resulting blaze for nearly an hour.

Homecoming Is Planned At P-S

POWERS-SPALDING — A bonfire, snake dance, crowning of a queen, and the final game of the season against Bark River is the P. S. H. S. week-end schedule.

The homecoming festivities will get under way at 1:30 Friday afternoon. A pep assembly, held in the gym, will include skits given by the F. H. A. and Cheerleading Clubs. Music will be furnished by the high school band. The bonfire and snake dance will wind up the afternoon.

The queen will be announced and crowned at game half-time Saturday afternoon. She will be chosen from the following candidates: Marlene St. John (senior), Juanita Hafeman (junior), Carol Welch (sophomore), Candy Stebbins (freshman), and Cynthia Gatten (football). The queen will be crowned by Roberta Christianson, last year's queen. Sharnan Nelson will be master of ceremonies.

The candidates will ride on a float prepared by the senior class and the P. S. H. S. band will play.

The queen will reign that night at the homecoming dance at the gym from 9 to 12. The music will be furnished by The Troile from Iron Mountain.

State Equipment Will Be Sold

A "spot-bid" sale of surplus equipment used by the Michigan Conservation Department will be held at the Marquette office Thursday Oct. 20, at 11 a.m. EST. Bidders interested in inspection of this property are asked to register on Oct. 19, from 9:30 a.m. to 4 p.m., or on Oct. 20, from 8:30 a.m. to 11 a.m. Offered for sale are diesel engines, tractors, trucks, trailers, an ambulance and miscellaneous items. For information call Robert Gouin, Marquette, 8 a.m. to 5 p.m., Monday through Friday, phone 226-7500.

ENTER THE 1966 "PICK THE WINNER"

FOOTBALL

YOU MAY WIN CASH!

Each Week

\$10 First Prize \$5 Second Prize

The individual advertisements on this page will contain the names of two football teams scheduled to play during the week. Read the ads carefully. Follow the simple rules of the contest. Entry blanks must be filled out correctly.

CONTEST RULES

1. This football contest is open to everyone except the employees of the Escanaba Daily Press and their families.
2. No contestant may submit more than one entry a week under his own or any other name.
3. List the winner you chose for each game on the numbered line corresponding to the number in the advertisement. Then write the name of the advertiser on the opposite line.
4. All entries must be completed by noon on the Friday of the week the games are played. They may be brought into the Press office or mailed. They must be in the Daily Press office not later than the time specified above. Address all entries to "Pick the Winner" Editor.
5. Tied scores must be so indicated on entry blank or they will be counted wrong.
6. Names of contest winners will be announced in the Daily Press on the Tuesday following the games.
7. In the event of a tie the entry with the first postmark will be judged the winner.

THE DECISION OF THE JUDGES IS FINAL!

with Ray Crandall

Calumet's George Oikarinen, closing in on the 1966 Upper Peninsula football scoring crown, tallied two touchdowns and an extra point to lead the Copper Kings to a 26-12 victory over Gwinn. . . . The Calumet Comet boosted his season scoring total to 109 points entering this week's contest with Crystal Falls. . . . Oikarinen carried the ball 25 times for 175 yards against Gwinn and scored on runs of 36 and 11 yards.

Munising, Holy Name's Little Brown Jug foe here Saturday, suffered a 40-12 licking from a steadily improving Sault Ste. Marie team last weekend. . . . The Blue Devils were paced by Arlen Bell who scored two touchdowns on runs of 35 and 70 yards and gained 142 yards for the night. . . . Munising quarterback Tom Gattis had a good night in the air, completing 19 of 28 passes for 145 yards and one touchdown. . . . The setback left Munising with a 4-3 record overall and knocked Coach Bill Earle's defending Great Lakes Conference champs out of the running for a repeat crown.

Coach Juan Mentink's Houghton Gremlins are zeroing in on their fourth Copper Country Conference crown in five years after ripping Ontonagon, 40-19. . . . Quarterback Jerry LaJeunesse turned in the best performance of his prep career by running for three touchdowns and passing for three more as Houghton ran its conference record to 3-0 and its overall record to 3-4. . . . LaJeunesse is the son of Omer LaJeunesse, former football coach at Iron Mountain and Michigan Tech who earned two varsity football letters in 1930-31. He is now head swimming coach for the Huskies.

Iron Mountain, next Great Northern Conference opponent for the Eskimos, continue to display improvement. . . . In their last start the Mountaineers obliterated Stephenson, 48-7, in a game played in a downpour at Stephenson. . . . Rudy Steiner, talented junior quarterback, ramblled for 100 yards and scored two touchdowns while passing for another. . . . He played about two and a half quarters as Coach George Guskic went with his reserves midway in the third period.

The injury jinx caught up with Stambaugh again last weekend as the Hilltoppers took a 21-2 beating from Kingsford in Menominee Range Conference action. . . . With his backfield practically wiped out by various knee and ankle injuries, Coach Don McDonald's Hilltoppers were held to 37 yards rushing and 33 passing. . . . Gene Tortelli tallied twice for the Flippers on an 18 yard pass from Mike McAuliffe and on a 62 yard run with an intercepted pass.

Irish Grab First Place

By The Associated Press
Notre Dame forged ahead of Michigan State and took over first place in The Associated Press major-college football poll today. UCLA and Georgia Tech also advanced while Oklahoma climbed into the Top Ten, replacing Baylor.

The Irish, 32-0 victors over North Carolina last Saturday, collected 31 votes for the top position and 443 points in the balloting by a national panel of 47 sports writers and broadcasters.

Merger Nears Senate Okay

WASHINGTON (AP) — The National and American Football Leagues drove toward the goal of congressional approval for their merger today after a tricky handoff faked out the main opponent.

While Rep. Emanuel Celler, D-N.Y., apparently had blocked off the merger bill from his position as House Judiciary Committee chairman, congressional supporters slipped the provision onto a tax bill and past Celler's grasp.

House and Senate approval for the tax bill, including exemption of the football merger from antitrust action, is almost certain.

The vote will come this week. NFL Commissioner Pete Rozelle had argued for weeks that unless Congress would guarantee that the merger could not be tied up in courts, plans for the creation of a superleague would have to be dropped.

Now, apparently, a championship game between the NFL and AFL titlists will be able to go on as scheduled at the end of the season.

The Senate earlier this fall passed a similar measure but it was tied up in Celler's committee.

The vote will come this week. NFL Commissioner Pete Rozelle had argued for weeks that unless Congress would guarantee that the merger could not be tied up in courts, plans for the creation of a superleague would have to be dropped.

Now, apparently, a championship game between the NFL and AFL titlists will be able to go on as scheduled at the end of the season.

The Senate earlier this fall passed a similar measure but it was tied up in Celler's committee.

Rich!

The aroma's rich. The taste is just great. The secret? Pipe tobacco in a filter cigarette.

Peninsula Grid Roundup

Maroons Lone Unbeaten Team

The Upper Peninsula high school gridiron campaign heads into the home stretch with only the Menominee Maroons boasting an undefeated record.

Coach Ken Hofer's single wing powerhouse knocked previously unbeaten Ironwood off the top rung of the U.P. ladder last week, handing the Red Devils their first setback in their last 15 starts. Both Ironwood and Menominee had previous ties on their records this season.

Menominee now puts its 6-0 record on the line Saturday night in a home stand against the Kingsford Flippers in Great Northern Conference action.

A victory over Kingsford in that contest would put Menominee in sole possession of the conference championship.

Ironwood, operating at less than full strength with injuries

Cookie Goes To Dolphins

MIAMI, Fla. (AP) — Mighty Cookie Gilchrist, who collects old swords for hobby and has needed front offices from Kitchener, Ont., to Buffalo to Denver in his 13 years as a pro football player, has been acquired by the Miami Dolphins.

The 31-year-old controversial fullback was snapped by the Dolphins Monday after the Denver Broncos put him on waivers.

In exchange, American Football League President Milt Woodard ruled that Miami must give Denver its third and fifth draft choices in January.

The 6-foot-2, 250-pound Gilchrist was put on the Broncos' reserve list at the beginning of the season after Denver contended that he had refused to play.

In his ruling, Woodard stated that Cookie failed to report to camp July 30 and when Denver put him on reserve he could not be reactivated to play on the club.

Gilchrist, a Breckenridge, Pa., native, first came to the AFL in 1962 with the Buffalo Bills, gaining over 1,000 yards that year. In 1963, he gained over 900 and again over 1,000 in 1964.

When he was traded to Denver in 1965, Gilchrist bettered 900 yards.

While at Buffalo, in 1963, he set an all-time professional one-game mark by gaining 247 yards.

Coach Rod Carlson's Engadine Eagles, with their first Eastern Conference trophy already tucked away, will travel to Lake Linden Saturday in a game that was added to the schedule in midseason when both schools found themselves with an open date.

Willow Run grabbed off the top spot in Class B and there was extensive shuffling behind the leaders in all three classes this week in the Michigan Associated Press high school football poll.

Willow Run moved into the top spot, apparently on the strength of a 33-14 victory over River Rouge. Buchanan, last week's leader, slipped to Valley 7-0 but fell to second. Frankemuth jumped from sixth to Willow Run's old place in third.

In Class A, Battle Creek Central clouted Lansing Waverly 46-0 and stayed in first place. Ann Arbor, fourth last week, jumped to second after beating Walled Lake, ranked fifth previously, 27-13.

Royal Oak Dendons and Muskegon tied for third. Dendons downed Dearborn Fordson 13-0.

Sports In Brief

MOUNT PLEASANT (AP) — Central Michigan University has approved football schedules running through 1970. Western Michigan, off the chips, scheduled in 1967 and 1968, will return for the 1969 and 1970 seasons.

LAFAYETTE, Ind. (AP) — Purdue football players have rewarded halfback George Catavolos for his defensive work last Saturday. They named him co-captain with quarterback Bob Griese for the Bollweavers' Big Ten game against top-ranked Michigan State.

NEW YORK (AP) — Ernie Terrell, the World Boxing Association heavyweight champion, and Buster Mathis, the unbeaten rookie from Grand Rapids, Mich., will box a two round exhibition Oct. 25. Here for the benefit of the New York City Youth Board.

SAN FRANCISCO (AP) — World Billiards champion Raymond Cuelemans of Belgium defeated Danny McGorty of Los Angeles 6-45 in 58 innings early today in the World Three Cushion Billiards Tournament.

Stubby Mudder Back Of Week

By The Associated Press
A stubby mudder who helped Hope College upset Albion last Saturday won honors as the MIAA Back of the Week.

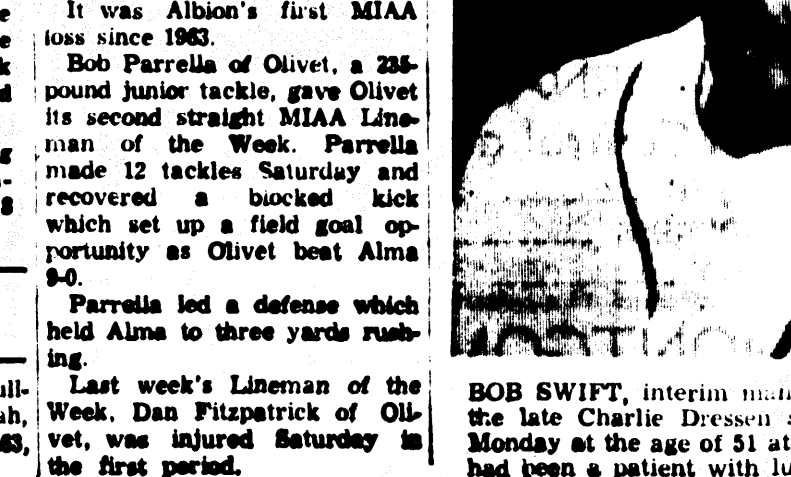

Keith Abel, 5-8, 160 pounds, picked up 80 yards in 24 carries on the muddy field as Hope controlled the ball and eked out a 19-9 victory.

It was Albion's first MIAA loss since 1963.

Bob Parrella of Olivet, a 235-pound junior tackle, gave Olivet its second straight MIAA Lineman of the Week. Parrella made 12 tackles Saturday and recovered a blocked kick which set up a field goal opportunity as Olivet beat Alma 6-0.

Parrella led a defense which held Alma to three yards rushing.

Last week's Lineman of the Week, Dan Fitzpatrick of Olivet, was injured Saturday in the first period.

Dallas Loses Court Battle

DALLAS (AP) — Ralph Neely, the ace Dallas offensive tackle awarded by the courts to Houston of the American Football League, lost another legal skirmish Monday but still may be in the lineup for one more National Football League game.

Supreme Court Justice William J. Brennan refused to grant a petition to Dallas attorneys to delay the notice of last Monday's Supreme Court refusal to review a lower court holding that Neely's contract with the Houston Oilers was valid.

Notices of Supreme Court actions ordinarily are mailed in about a week. Cowboy officials were hopeful the notice will not be received by the Denver Court of Appeals, which ruled the Oilers contract valid, until after Sunday's game with the Browns at Cleveland.

BART STARR, Green Bay Packer quarterback, lofts a pass into the flat for Paul Hornung (not shown) in the second quarter of the National Football League game against Chicago Sunday. Bear defenders are Frank Cornish (73), Dick Butkus (51) and Joe Fortunato (31). Packers won, 17-0. (AP Wirephoto)

Howe Gets Record Salary In 21st Year With Wings

DETROIT (AP) — Twenty years ago a husky youngster from Saskatchewan had just scored his first National Hockey League goal and was starting a career with the Detroit Red Wings.

Monday Gordie Howe, still husky but his thinning hair showing gray, had just signed for a record 21st NHL season with the Wings and could look back on a record 689 goals.

After virtually rewriting the NHL record book in those 20 years, Howe signed for what may be a record salary for a hockey player.

His salary for the 1966-67 season, which opens Wednesday night at Boston, is an estimated \$40,000-plus, a raise of about \$5,000.

Howe asked about how he felt about signing for a record 21st season, grinned and said, "I'm looking forward to the 22nd."

Later he cracked, "My only disappointment is that I didn't (Abel) wouldn't give me a three year contract."

The 38-year-old Howe hurt his knee during the exhibition season and was off the ice for 17 days, but he scored one goal and two assists during weekend action.

Bobby Burnett Rushing Leader

NEW YORK (AP) — Bobby Burnett, Buffalo's Smackover Kid, has powered the Bills into the American Football League's team rushing lead with the best individual performance of the season.

Burnett, a rookie from the University of Arkansas by way of Smackover, Ark., gained 138 yards on 27 carries in last Sunday's 17-17 tie with San Diego — both single-game highs this season.

His 377 yards in seven games has led the Bills to the top spot in rushing offense. Their 139.5 yard average per-game on the ground leads Kansas City, Boston and Houston, the only other AFL clubs with a plus-100 yard rushing average.

The New York Jets, who led in five of six statistical departments three weeks ago, fail to lead in any for the first time after their 24-0 loss to Houston Sunday. The Oilers climbed into the total offense lead with a 328.5-yard per-game average.
